## Letter of Recommendation

To whom it may concern

It is without reservation that I write this letter of recommendation on behalf of Hashcode Solutions. While using their services, we found them to be extremely professional and knowledgeable.

The team did a very nice job for our Odoo implementation. Our requirements were little complex but they offered us with very simple solutions in Odoo Enterprise and provided powerful support at every level of Customization.

They have proved to be flexible with our requests, competent and experienced in their skills, proving out to be a valuable integration partner during the period of their services to us.

I am certain that Hashcode Solutions is qualified as a full service Odoo Company. We look forward to work with them again and we definitely recommend them to others.

Sincerely,

Carlos Mendoza  
Managing Director  
Hermec Solutions S.A
